

## Social Post Instructions

CodeWizardsHQ has provided teachers with a variety of engaging images and text for social posts designed to get students interested and motivated in the Logic Challenge.

### When to Post:

- **Initial Announcement:** 1-2 weeks before the challenge begins (mid-February).
- **Reminder Posts:** 1-2 days before the start (Feb.22 - 23), weekly during the challenge.
- **Final Call:** Midway through the challenge to encourage participation. Students can sign up at any time and catch up with their peers.

### Where to Post:

- School's Social Media: Facebook, Instagram, X, etc.
- Classroom Pages
- Personal Pages

### Post Ideas:

- Highlight the educational benefits: logical thinking, creativity, and problem-solving.
- Remind students of age-specific challenges and fun tech prizes.
- Share engaging visuals, countdowns, and progress updates to keep excitement high!
