Option 1

Attention (Class or school name)! Join the CodeWizardsHQ Logic Challenge!

Starting 2/24, students in grades 3-12 can tackle exciting, age-tailored problem-solving challenges over 10 weeks. It's a fun way to boost 21st-century computational thinking and problem-solving skills. Plus, participants have a chance to win exciting tech prizes! Register your student by going to: www.codewizardshq.com/logic-challenge/

Option 2

Attention (school or class name) Students and Parents!

We're excited to announce that the CodeWizardsHQ Logic Challenge is starting on 2/24! This nationwide competition is an opportunity for students in grades 3-12 to put their problem-solving skills to the test. Over 10 weeks, students will face fun and engaging challenges and be entered to win fantastic tech prizes!

Why join?

- Students build 21st-century computational thinking and problem-solving skills
- Kids can earn exciting tech prizes based on their performance
- Fun and engaging weekly activity
- Free and open to all skill levels

Encourage your student to join the Logic Challenge and embark on an educational adventure. Register by going to: www.codewizardshq.com/logic-challenge/.
